

Roseman University of Health Sciences
2024-2025 Student Catalog
Addendum

August 16, 2024

The following course is added to the Doctor of Dental Medicine (DMD) curriculum, which is located beginning on page 66.

DMD 5150.27, 6150.26B, 7150.26A, 8150.25 Dental Professionalism

The College of Dental Medicine is committed to developing our students to not only understand the importance of personal and professional honor and integrity, but to demonstrate honor and integrity as a student. This block clarifies expectations as a student to uphold and maintain the confidence and trust the public has placed in dentists as their healthcare providers and to provide the best team-based patient care. Clinic attendance, clinic participation and behavioral infractions are quantified, and a professionalism remediation plan is provided when necessary.
